Saniver®

Disinfectant Solution Based on Aldehydes and Quaternary Ammonium Compounds
For Veterinary Use Only

Composition Each liter of solution contains:

- | | |
|--------------------------------------|--------|
| • Didecyl Dimethyl Ammonium Chloride | 100 g |
| • Glutaraldehyde | 40 g |
| • Formaldehyde | 31.5 g |
| • Glyoxal | 32 g |
| • Iso-propyl Alcohol | 50 g |

Target Animal

Livestock and Poultry

Indication

Disinfection of:

- Incubators and hatcheries
- Poultry houses, cages and equipment
- Entrance pools in poultry farms
- Entrance pools for vehicles, trucks and herds in livestock farms
- Animal houses, maternity hospitals and slaughterhouses
- Transportation trucks
- Floor covering, shoes, boots and other equipment in poultry and livestock farms

Dosage and Administration First prepare diluted solution in accordance with the instruction below:

- Disinfection of surfaces (ceiling, walls and floors of poultry house): Add 0.5 liters of Saniver® into 99.5 liters of water, then spray 1 liter of solution on 10 m² of surfaces.
- Disinfection of equipment: Add 1 liter of Saniver® into 99 liters of water, then immerse equipment in 1% solution for 10 minutes.
- Disinfection of vehicles and transportation trucks: Add 0.5 liters of Saniver® into 99.5 liters of water, and then spray diluted solution on available surfaces of vehicles.
- Disinfection of entrance pools of farms and field: Add 1 liter of Saniver® into 99 liters of water. Add it to the entrance pools and then use the prepared solution continuously and replace it with new solution after changing the color.

Storage

- Store in a cool place and away from direct sunlight.
- Keep the lid of container closed.
- Should be used in 60 days after opening the lid of container.
- Should be used in 48 hours after preparing the diluted solution.

Precaution

- Protect eyes and skin by using suitable clothing (gloves, mask and eyeglasses).
- Avoid swallowing the solution and inhaling its vapors and spray particles.
- This product is irritant to skin, eyes and mucous membranes, if contacting wash immediately with plenty of clean water and refer to physician.
- Keep out of reach of children.

Packaging 5 Liters Gallon
