

UNIQCURE ADDITIVES & PHARMA

about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products.

Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

EFFECSAN HPP®

EFFECSAN HPP®
Disinfectant Solution Based on
Hydrogen Peroxide and Peracetic
Acid
For Veterinary Use Only

Composition

Each 1 liter of solution contains:
Hydrogen Peroxide 250 g
Peracetic Acid 50 g

Target Animals

- Livestock
- Poultry

Indications

EFFECSAN HPP® is a highly potent broad-spectrum disinfectant effective against all types of microorganisms, including bacteria, viruses, molds, and yeasts.

According to FDA and EPA classifications, this formulation has a sterilizing effect. It is used for specific disinfection in livestock and poultry farms, ensuring high biosecurity due to the strong oxidizing action of peracetic acid.

Dosage and Administration

Disinfection Applications:

- Poultry house air (in the presence of birds):
Dilute 1:1000 (100 ml in 100 L water), then spray.
- Surfaces of poultry halls:
Dilute 1:400 (250 ml in 100 L water), spray or sponge on all surfaces.
- Equipment:
Dilute 1:200 (0.5 L in 100 L water), immerse equipment.
- Poultry feed:
Dilute 1:1000, spray onto feed.
- Drinking water:
Dilute 1:20,000, mix with drinking water.
- Farm entrance pools:
Dilute 1:400, use in pools.
- Animal carcasses in slaughterhouses:
Dilute 1:250, spray onto carcasses.
- Milking systems & milk transport tanks:
Dilute 1:250–1:350, circulate inside the system.
- Cow teats:
Dilute 1:350–1:500, spray onto intended areas.
- Hooves (to prevent lameness):
Dilute 1:400, spray on the area or immerse hooves for 1–5 minutes.

Storage Conditions

- Store containers in a vertical position
- Keep in a cool place (below 20 °C)
- Protect from direct sunlight
- Keep the container tightly closed
- Product is supplied with a vented cap for gas exhaust
- Do not stack cartons on top of each other
- Store cartons on plastic pallets
- This product is flammable – keep away from heat sources and flammable materials

Precautions

- Wear protective equipment (gloves, mask, goggles, and suitable clothing)
- In case of contact with skin or eyes, rinse immediately with plenty of clean water
- Keep out of reach of children

Environmental Considerations

- Dispose of product and containers in a safe manner
- Empty containers may contain hazardous residues
- Do not discharge residues into drains, water sources, or soil
- Dispose of waste at licensed waste disposal sites according to local regulations

Packaging

- 4-Liter Container

99

Highly potent
broad-spectrum
disinfectant
