

UNIQCURE

ADDITIVES & PHARMA

about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

ENZICURE®

ENZICURE
Animal Feed Additive (Enzyme Blend)
For Veterinary Use Only

Composition

Each kilogram contains:
A carefully formulated blend of feed enzymes including carbohydrases, proteases and phytase (as applicable).

Target Animal
Poultry
(Also suitable for other livestock upon veterinary recommendation)

Indication
ENZICURE is a multi-enzyme feed additive designed to:

- Enhance nutrient digestion and absorption
- Improve feed conversion ratio (FCR)
- Increase availability of protein, energy and minerals
- Reduce anti-nutritional factors in feed
- Promote better growth performance and uniformity
- Support overall animal health

Dosage and Administration
Routine Use in Feed:
Add 250 – 500 g ENZICURE per metric ton of complete feed.
High Fiber or Poor Quality Feed:
Add 500 – 1000 g per metric ton of complete feed.

Note

- Mix thoroughly into feed to ensure uniform distribution.
- Dosage and duration should be adjusted based on feed formulation and veterinary advice.
- Can be used continuously throughout the production cycle.

Contraindication
None known.

Withdrawal Period
None.

Drug Interaction
None.

Storage

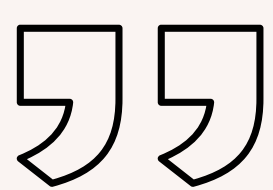

- Store in a dry place at room temperature.
- Protect from moisture and direct sunlight.
- Keep the bag tightly sealed after opening.

Precaution

- Use under supervision of a veterinarian or animal nutritionist.
- Avoid inhalation of dust during handling.
- Keep out of reach of children.

Environmental Consideration
Avoid unnecessary release into the environment.
Dispose of empty bags safely in accordance with local regulations.

Packaging
25 kg Bag

Enhance nutrient digestion and absorption
