

UNIQCURE

ADDITIVES & PHARMA

about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

ESELENIQ®

E-SELENIQ®
Oral Solution Containing Vitamin E
& Selenium
For Veterinary Use Only

Composition

Each liter of solution contains:
Vitamin E
Sodium Selenite

Target Animals
Poultry and Livestock

Indications

Poultry:

- Prevention and treatment of disorders caused by vitamin E and selenium deficiency
- Strengthening the immune system and enhancing vaccine response
- Promotion of growth and carcass quality
- Improvement of fertility, hatchability, and breeder performance
- Prevention of Encephalomalacia, Sudden Death Syndrome (SDS), and Ascites in broilers
- Increasing resistance to stress, especially during laying and heat stress
- Reduction of embryonic mortality
- Increase in egg production rate, maintenance of peak production, and improvement of egg quality

Livestock:

- Prevention of White Muscle Disease (WMD) in ruminants
- Reduction of uterine infections, including metritis
- Prevention of abortion
- Increased conception and pregnancy rates
- Prevention and treatment of muscular dystrophy
- Improvement of fertility and reduction of retained placenta

Dosage and Administration

Poultry:

- 0.5–1 liter per 1000 liters of drinking water for at least 3 consecutive days

Livestock:

- 10 ml per animal for 5–7 consecutive days

Contraindications

None known.

Withdrawal Period

None.

Storage Conditions

- Store at room temperature
- Protect from direct sunlight
- Keep the container tightly closed

Precautions

- Keep out of reach of children
- Shake well before use
- Cloudiness of the solution below 20°C does not affect product stability

Drug Interactions

None reported.

Packaging

1 Liter Bottle

Strengthening the
immune system
and enhancing
vaccine response
