

# UNIQCURE

## ADDITIVES & PHARMA

### about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

# GERMOVER®

GERMOVER®  
Disinfectant Solution Based on  
Quaternary Ammonium  
Compounds, Glutaraldehyde and  
Iso-propyl Alcohol  
For Veterinary Use Only

## Composition

Composition  
Each 1 liter of solution contains:  
Didecyl Dimethyl Ammonium Chloride  
Glutaraldehyde  
Phosphoric Acid  
Iso-propyl Alcohol

### Target Animals

- Livestock
- Poultry

### Indications

GERMOVER® is an economical broad-spectrum disinfectant effective against bacteria, viruses, and molds.

It is used for disinfection of:

- Livestock farms
  - Poultry incubators and hatcheries
  - Maternity hospitals
  - All equipment and surfaces used in poultry and livestock farms
- GERMOVER® is non-corrosive to equipment and surfaces, and remains stable with continuous disinfectant activity for up to 8 weeks after dilution when stored correctly.

### Dosage and Administration

Prepare the diluted solution according to the level of contamination, then apply as directed:

- 2% concentration (1:50 dilution)  
For high-risk contaminated areas – Spray method
- 0.5% concentration (1:200 dilution)  
For low-risk contaminated areas – Spray method
- 0.5% concentration (1:200 dilution)  
For air disinfection by fogging
  - o Apply 1 liter per 100 m<sup>3</sup>
  - o Twice daily

### Storage Conditions

- Store in a cool place
- Protect from direct sunlight
- Keep the container tightly closed
- Use within 60 days after opening
- Use diluted solution within 48 hours after preparation

### Precautions

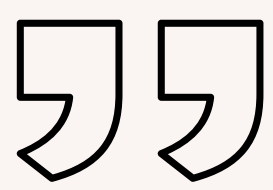

- Wear protective clothing, gloves, mask, and safety goggles
- Avoid swallowing and inhalation of vapors or spray mist
- Product is irritant to skin, eyes, and mucous membranes
  - o In case of contact, rinse immediately with plenty of clean water and consult a physician
- Keep out of reach of children

### Environmental Considerations

- Dispose of product and containers in a safe manner
- Empty containers may retain hazardous residues
- Do not discharge residues into drains, waterways, or soil
- Dispose of waste at licensed disposal sites according to local regulations

### Packaging

- 5-Liter Gallon

## A broad-spectrum disinfectant
