

# UNIQCURE

## ADDITIVES & PHARMA

### about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

# GROWNIQ®

GROWNIQ®  
Natural Growth Enhancer (Herbal  
Feed Additive)  
For Veterinary Use Only

## Composition

Each kilogram contains:  
A natural blend of potent herbal oils and  
plant-based bioactive compounds.

Target Animal  
Poultry  
(Also suitable for livestock upon veterinary recommendation)

Indication  
GROWNIQ is a natural growth enhancer formulated to:

- Promote healthy and uniform growth
- Boost natural immunity
- Improve feed utilization and feed conversion ratio (FCR)
- Enhance appetite
- Support overall animal performance
- Reduce stress-related performance losses

Dosage and Administration  
Routine Use in Feed:  
Add 250 – 500 g GROWNIQ per metric ton of complete feed.  
During Stress Conditions (heat stress, vaccination, transportation, disease challenge):  
Add 500 – 1000 g per metric ton of feed for 5–7 consecutive days.

Note

- Mix thoroughly into feed to ensure uniform distribution.
- Dosage and duration should be prescribed by a veterinarian or animal nutritionist.
- Suitable for continuous use throughout the production cycle.
- Can be safely used alongside antibiotics, vaccines and feed enzymes.

Contraindication  
None known.

Withdrawal Period  
None.

Drug Interaction  
None.

Storage

- Store in a dry place at room temperature.
- Protect from moisture and direct sunlight.
- Keep the bag tightly closed after opening.

Precaution

- Use under supervision of a veterinarian or animal nutritionist.
- Avoid inhalation of dust during handling.
- Keep out of reach of children.
- For animal use only.

Environmental Consideration  
Avoid unnecessary release into the environment.  
Dispose of empty bags in accordance with local environmental regulations.

Packaging  
25 kg Bag

Promote healthy  
and uniform  
growth
