

UNIQCURE

ADDITIVES & PHARMA

about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

OVUCURE®

OVUCURE®
Eggshell Quality Improver (Feed Additive)
For Veterinary Use Only

Composition

Each kilogram contains:
A specialized blend of calcium sources, bioavailable minerals, vitamins and supportive nutrients formulated to improve eggshell quality.

Target Animal
Layer Poultry
(Breeder hens and commercial laying hens)

- Indication
OVUCURE is specifically formulated to:
- Enhance eggshell strength and thickness
 - Improve overall eggshell quality and uniformity
 - Reduce cracked and broken eggs
 - Improve egg durability during handling and transportation
 - Increase hatchability in breeder flocks
 - Support proper calcium metabolism in layers
 - Improve overall egg production performance

Dosage and Administration
Routine Use in Feed (Layers & Breeders):
Add 500 – 1000 g per metric ton of complete feed.
During Peak Production or Shell Quality Problems:
Add 1000 – 1500 g per metric ton of feed for 7–10 consecutive days or as advised by a veterinarian.

- Note
- Mix thoroughly into feed to ensure uniform distribution.
 - Dosage and duration should be determined by a veterinarian or animal nutritionist based on production stage and shell quality status.
 - Suitable for continuous use throughout the laying cycle.
 - Can be used safely alongside other vitamins, minerals and feed additives.

Contraindication
None known.

Withdrawal Period
None.

Drug Interaction
None.

- Storage
- Store in a dry place at room temperature.
 - Protect from moisture and direct sunlight.
 - Keep the bag tightly closed after opening.

- Precaution
- Use under supervision of a veterinarian or poultry nutritionist.
 - Avoid inhalation of dust during handling.
 - Keep out of reach of children.
 - For animal use only.

Environmental Consideration
Avoid unnecessary release into the environment.
Dispose of empty packages in accordance with local environmental regulations.

Packaging
25 kg Bag

Enhance eggshell strength and thickness
