

# UNIQCURE

## ADDITIVES & PHARMA

### about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

# UNIQ AD3EC®

UNIQ AD3EC®  
Vitamin A, D3, E & C Feed Additive  
For Veterinary Use Only

## Composition

Each liter contains:

- Vitamin A
- Vitamin D3
- Vitamin E
- Vitamin C

(In a suitable liquid base)

Target Animal  
Poultry  
(Also suitable for livestock under veterinary supervision)

### Indication

UNIQ AD3EC is specifically formulated to:

- Enhance immune system response
- Improve resistance against heat stress and environmental stress
- Support healthy growth and skeletal development
- Improve calcium and phosphorus utilization
- Boost antioxidant defenses
- Improve egg production, shell quality and hatchability
- Support fertility and embryonic development
- Prevent and correct vitamin deficiencies
- Improve overall vitality and production performance

### Dosage and Administration

Routine Use in Drinking Water:

Mix 0.5 – 1 ml per liter of drinking water for 3–5 consecutive days.

During Stress, Heat Stress, Disease, Vaccination & Low Performance:

Mix 1 – 2 ml per liter of drinking water for 5–7 consecutive days or as prescribed by a veterinarian.

### Note

- Prepare fresh solution daily.
- Shake well before use.
- Can be safely used with antibiotics, vaccines and other feed additives.
- Dosage may vary based on flock condition.

### Contraindication

None known.

### Withdrawal Period

None.

### Drug Interaction

None reported.

### Storage

- Store at room temperature.
- Protect from direct sunlight.
- Keep container tightly closed.

### Precaution

- Use only under veterinary supervision.
- Keep out of reach of children.
- For animal use only.
- Do not exceed recommended dosage (fat-soluble vitamin accumulation risk).

### Environmental Consideration

Dispose empty containers according to local environmental regulations.

### Packaging

1 Liter Bottle

Enhance immune  
system response
