

UNIQCURE

ADDITIVES & PHARMA

about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

VIRONIQ®

Disinfectant (Powder)
For Veterinary & General Disinfection
Use Only

Composition

Composition
Alkyl Dimethyl Benzyl Ammonium Chloride
Urea

TargetAnimal
Poultry, Livestock, Aquaculture & Farm Environment

Indication
VIRONIQ® is a powerful broad-spectrum powder disinfectant formulated to:

- Eliminate bacteria, viruses, and fungi
- Disinfect poultry houses, livestock farms, and hatcheries
- Sanitize drinking water systems
- Disinfect equipment, vehicles, and footbaths
- Control biosecurity risks
- Prevent disease transmission

Dosage and Administration
For Surface & Equipment Disinfection:
1 – 2 g per liter of water
For Footbath & Vehicle Disinfection:
2 – 3 g per liter of water
For Drinking Water Disinfection:
0.5 – 1 g per liter of water
For Farm Environment Spraying:
1 – 2 g per liter of water
Dosage may vary depending on contamination level and purpose of use.

Note

- Dissolve completely in water before use.
- Prepare fresh solution daily.
- Do not mix with soaps or anionic detergents.
- Use according to veterinarian or biosecurity expert recommendation.

Contraindication
Do not use in case of known hypersensitivity to quaternary ammonium compounds.

Withdrawal Period
None.

Drug Interaction
Do not use simultaneously with anionic disinfectants or detergents.

Storage

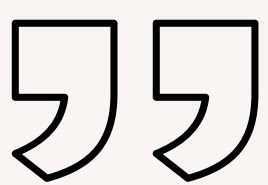

- Store in a cool, dry place.
- Keep away from moisture and direct sunlight.
- Keep the container tightly closed.

Precaution

- Avoid inhalation of powder dust.
- Avoid contact with skin and eyes.
- Use protective gloves and mask during handling.
- Keep out of reach of children.
- For veterinary and environmental use only.

Environmental Consideration
Avoid uncontrolled release into the environment.
Dispose of empty containers safely according to local regulations.

Packaging
50 g – 100 g – 500 g – 1 kg Containers

Powerful
broad-spectrum
powder disinfectant
