

UNIQCURE

ADDITIVES & PHARMA

about us.

Since 2018, we have been dedicated to research and development in the production of veterinary drugs and supplements. By 2021, we successfully designed and manufactured 70 products, and by 2024, we expanded our portfolio to 120 products. Looking ahead, our vision is to develop and produce high-quality medicines and supplements for pets, livestock, and aquatic species.

We are now seeking to collaborate with distributors across various countries. If you are interested in learning more about our products and partnership opportunities, please feel free to reach out to us.

VIUNIQ® LIQUID

VIUNIQ®
Immunity Booster & Antiviral Feed
Additive
For Veterinary Use Only

Composition

A powerful blend of:

- Organic acids
- Essential amino acids
- Selected vitamins
- Herbal extracts with proven antiviral properties
- Natural antioxidants

(In a suitable liquid base)

Target Animal
Poultry
(Also suitable for livestock under veterinary supervision)

Indication
VIUNIQ LIQUID is specially formulated to:

- Significantly boost the immune system
- Provide strong antiviral protection
- Improve resistance against bacterial and viral infections
- Enhance antioxidant defense
- Reduce mortality and disease severity
- Improve recovery during and after disease challenge
- Support healthy growth and production performance
- Improve stress tolerance (heat stress, vaccination stress, transport stress)
- Strengthen overall flock immunity under high disease pressure

Dosage and Administration
Routine Immune Support:
Mix 0.5 – 1 ml per liter of drinking water for 3–5 consecutive days.
During Disease Outbreak, Viral Challenge, High Stress or Weak Immunity:
Mix 1 – 2 ml per liter of drinking water for 5–7 consecutive days or as prescribed by a veterinarian.

Note

- Prepare fresh solution daily.
- Shake well before use.
- Can be safely used with antibiotics, vaccines and other feed additives.
- Dosage may be adjusted based on disease severity and flock condition.

Contraindication
None known.

Withdrawal Period
None.

Drug Interaction
None reported.

Storage

- Store at room temperature.
- Protect from direct sunlight.
- Keep container tightly closed.

Precaution

- For animal use only.
- Use under veterinary supervision.
- Keep out of reach of children.
- Do not exceed recommended dosage.

Environmental Consideration
Dispose of empty containers safely according to environmental protection regulations.

Packaging
1 Liter Bottle

significantly
boosts the
immune system
